Lifetime*

# INVISIONS™

from **Simpson®**

## Exterior Doors. Internal Blinds.

Our new InVisions™ glass features blinds that let you control visibility at the touch of a finger. And since the blinds are protected on both sides by glass, they never collect dust or become damaged. No more cords to pull. No more blinds slapping against the door every time you open it. Just perfect control and a beautiful appearance. It's one more great idea in our large collection of exterior French and sash doors.

*Detail of venetian blind and finger-touch operating mechanism. Slats swivel to provide privacy. Blinds do not raise and lower.*
