

# Royal Mahogany™ Features

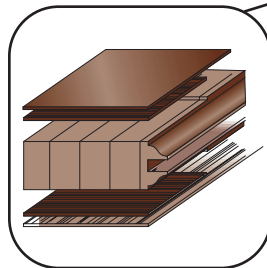

## Triple Pane Glass

Triple-pane insulated glass is more efficient, allows for easier cleaning, and protects the coming from tarnishing.

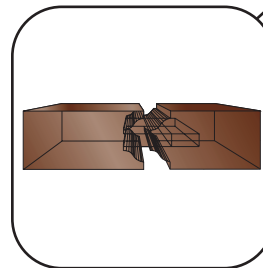

## Floating Panels

Panels are free to "float" between fixed ends which reduces the possibility of the panels splitting due to natural wood contractions.

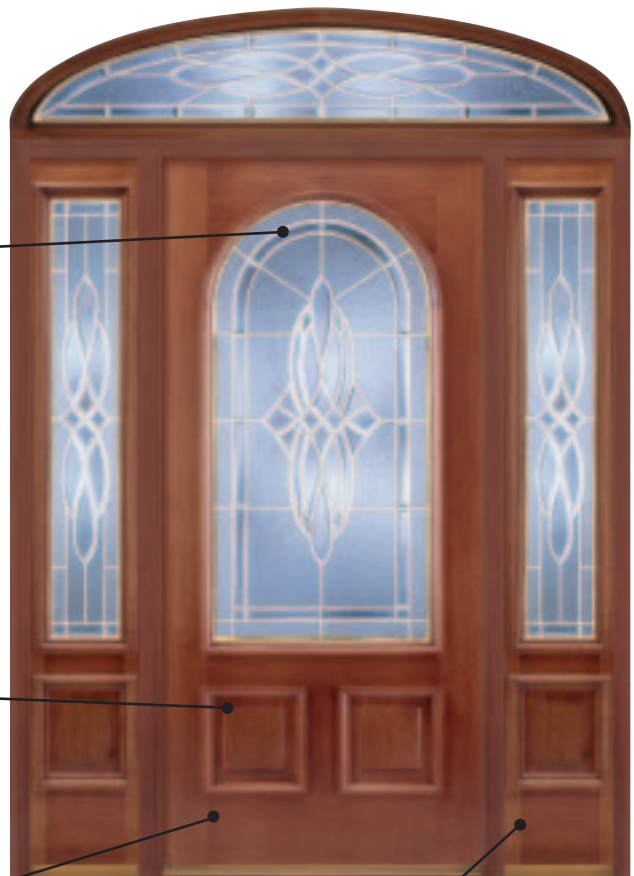

## Engineered Stiles And Rails

The engineered stiles and rails are stronger than single, solid wood pieces, virtually eliminating the possibility of the door warping or splitting.

## Stronger Joints

The mortise and tenon joints between stiles and rails are stronger than dowel joints because the gluing surface is more than doubled.

A factory applied finish is available on all oak door models and selected mahogany models which result in all the components having the same deep, rich, stained finish. This premium finish is applied in a dust-free, controlled environment, resulting in an incomparable finish and has a 1-year limited warranty.

## Specifications & Warranty

### Mahogany

- 1-Year Limited Warranty (Premium and Builders' Series)
- Triple-Pane Insulated Glass (10-Year Warranty)
- Available Door Dimensions: 3'0" x 6'8" or 3'0" x 8'0"
- Available Sidelite Dimensions: 10" x 6'8", 1'0" x 6'8", 1'2" x 6'8", 1'0" x 8'0", 1'4" x 8'0"
